WHAT VEGETABLE IS MOST POPULAR?

QUESTION TO BE DECIDED BY 1300 SCHOOL CHILDREN.

IN POPULARITY CONTEST

Will Continue for One Week Under Direction of Nutrition Department of Red Cross.

A vegetable popularity contest, to be carried on under the direction of the nutrition department of the Nodaway County Red Cross Chapter in six of the schools of the county will start tomorrow. Miss Mildred Smith, nutrition specialist, will have charge of the contest. The vegetable popularity contest will continue for one week, the purpose being to create an interest in the eating of garden products.

Thirteen hundred pupils who are enrolled in the schools at Maryville, Burlington Junction, Elmo, Hopkins, Skidmore and Graham will participate in the contest. The manner in which this program will be carried out is in the following way: Every time any of the 1300 pupils eat any one of twenty vegetables the pupil will mark it down and it counts as a vote for that particular vegetable. Every day the voters are handed in to the teachers in the schools and the results for that day are tabulated. When all the votes are cast in the seven days the totals will be added to decide which is the most popular vegetable eaten by the pupils in these schools.

The vegetables that Miss Smith has chosen for this contest are: Irish potatoes, sweet potatoes, tomatoes, spinach, onions, peas, string beans, navy beans, lima beans, turnips, carrots, celery, squash, corn, lettuce, beets, cabbage, cauliflower, peppers and parsnips, a total of twenty.

The results of this vegetable popularity contest will be announced soon after it is completed and the votes are tabulated.

After the contest, lessons will be given in the schools on the value of vegetables and there will be articles in the county papers dealing with the same topics.

Young Violinist Gives RemarKable Program

At Baptist Church Last Night—Repertoire Of Ewing Poteet Includes 15 Numbers

Ewing Poteet, the talented twelve-year-old violinist of St. Joseph, who appeared last night before a representative audience at the First Baptist Church, captivated his hearers by his remarkable performance. The recital was given under the direction of the women's societies of the First Presbyterian Church. The program was diversified and was presented as announced Thursday. The lad's repertoire includes compositions which would do credit to much older and experienced artists and his interpretations are delightful. The program of thirteen numbers and two encores was played entirely from memory.

Drdla's "Souvenir" and "The Swan" by Saint-Saens, were perhaps the loveliest selections in his second group. His fourth group included four of Kreisler's compositions which were played with lovely affect.

Sarasate's "Ziegemnerweisen" was a fitting finale to the youthful artist's selections. The lad captured first prize on this number at the musical contest held in Maryville last spring, and a phonograph record of his rendition has been made by a company in Richmond, Ind. The accompaniments by Mr. John B. Elliott of St. Joseph were well played. Following the third group of violin numbers Miss Ann Leonard of the College Conservatory of Music, accompanied by Dr. D. J. Thomas, sang "Spring Fancy" by Dinsmore. Her voice is of a pleasing quality and she was enthusiastically received. She played her own accompaniment to her encore, "Comin' Through the Rye."

Prince and Empress are Married Today

London, Nov. 3—In the presence of a brilliant array of royalty, including the kings of England and Sweden, Crown Prince Gustaf Adolff of Sweden was married to Lady Louise Mount Batten ,an empress of English royalty, in the chapel of St. James palace at 2:30 o'clock this afternoon.

It often happens that our train of thought has flat wheels and hot boxes.

Next Reparations Move Must Come From France

Poincare Government Must Clarify Position On Real Purpose Of Conference Of Experts

Washington, Nov. 3—The question of whether the United States will participate in the proposed reparations conference still hung in the penter hooks of uncertainty today. There it will remain, it was said at the state department, until the French government deigns to clarify its position on the purpose of such a conference.

The next move must come from abroad, it was said at the state department. Secretary Hughes considers that this government has gone just as far as it is possible to go in the way of clearing up the reparations muddle. He believes that further discussion is futile unless France indicates clearly her desire for a full and comprehensive investigation to determine what Germany is capable of paying.

EVERY INVITATION HAS FINE RESPONSE

TWO ADDITIONS AT TABERNACLE MEETING LAST NIGHT

TOTAL NOW THIRTY-FOUR

"Get Right With God" Was Subject Of Sermon Last Night—Many Expected Tonight

There were two more additions in the revival service at the tabernacle last night. Every invitation this week has had responses and thus far there have been thirty-one forward, some to take membership with the Maryville church, and others in churches outside of Maryville.

O. E. Hamilton had as his subject last night, "Get Right With God." This followed a solo by Arthur Hamilton on the same subject. The evangelist gave a clear cut outline of the plan of conversion, and incidentally upbraided church members for not doing their duty in leading men to an acceptance of Christ.

One or two hot shots of the message follow:

"One day on a tour through Oklahoma I had thirteen automobile tire punctures. The tires were old and worn out. A lot of you church members are like those tires, you have to be constantly inflated. It takes much precious time of your pastor pumping you up, and when you finally get into shape, you suddenly blow up over something—Phew-w-w-w-w-w!

"Can God trust you? Oh yes, he may be able to trust you in regular worship on Sunday. You may be regular at the collection plate. There are folks who ease their conscience by tipping God off in the collection. He may be able to trust you as a Sunday school teacher. But the great question is can God trust you in getting out of the trenches into the field that lies beyond the influence of church and Bible school?

"The need of the age is less theology and more Christology. My friend, is there any room in your religion for Jesus? All people are religious, but many are not Christians. Don't think because you are religious that you are a Christian. Do not be misled either, that to be religious is sufficient. It may be for the heathen, but not for you. They know no better; you do."

The service tonight promises to be largely attended, especially by country people. There will be seats for all who can crowd into the tabernacle tomorrow night. Large delegations will attend from all the churches of the county, as a more organized effort is being made over the county for this service.

The Men's Class of the local church is working for 150 men tomorrow. There were 112 present last Sunday. A radio program will be enjoyed by the class at 9 o'clock in the morning. After which the regular class session will be held.

Kinnaird Will Show Films at Blackman

R. A. Kinnaird, county farm bureau agent, will show the two films. "How to Save the Crops from the Chinch Bugs," and "The Baby Beef Show at St. Joseph, 1922," at the Blackman School south of Maryville on Monday night, November 5.

A marriage license was issued yesterday afternoon to William A. Dalrymple and Gertrude M. McGarry both of Maryville.

SPOOFHOUNDS WIN FROM LAFAYETTE

MARYVILLE CARRIES BALL OVER IN FIRST FEW MINUTES.

FINAL SCORE 52 TO 6

St. Joseph Scores Touchdown in Second Quarter as Result of Forward Pass—Visitors Had No Chance.

Maryville High School won a track meet today.

The final score was 52 to 6.

Although, a football game was scheduled at the College field, it was really an endurance contest of sprinters and long distance men on the part of the local high school eleven.

The first period was scarcely under way when Bush, the Maryville center, fell on the ball, after a St. Joseph man had fumbled it behind his own goal line. Ogden kicked goal.

By straight football, Willoughby carried the pigskin over and Ogden's toe proved good. Soon afterward, however, a forward pass, tossed by the Lafayette quarter, netted the visitors their first counter. The attempt to kick goal failed and the half ended 14 to 6.

The third and last periods were a succession of touchdowns by the Spoofhounds.

The visitors didn't have a chance against the plucky Maryville eleven whose shifty backs sifted through the visitors' defense almost at will.

The line-up and detailed play of the game:

The line-up:

Maryville—		Lafayette—
Ogden	le.	Jacobs
Epperson	lt	Wilcox
Phipps	lg.	Cobb
Bush	c.	Crowell

Smith	fb.	Crumeri
I. Miller	rhb.	Deal

Referee—Shawver (Drake).
Umprie—L. M. Eek.
Head linesman—Deatherage.

FIRST QUARTER.

Willoughby kicked off for Maryville, Lafayette defending the east goal; Lafayette was held on the 20 yard line, and forced to punt; Maryville made first downs on line plunges and then punted to the 15 yard line. On an attempt to punt the center passed over the punter's head, the ball rolling behind the goal and Bush, the Maryville center, fell on it; Ogden kicked goal. 7 to 0. Maryville kicked off; Lafayette was held and forced to punt to Willoughby, who ran the ball back 15 yards; Ogden punted to the 1 yard line; Lafayette punted to 25 yard line; Maryville was held for downs; Maryville off side and assessed 5 yard penalty; Maryville blocked punt, but Lafayette recovered on the 1 yard line; Lafayette punted to 20 yard line; Willoughby through the line for 10 yard gain; Maryville again carried the ball to the 1 yard line and was held for downs. Quarter ends.

Brown, right end of Lafayette showing up good. Willoughby, despite hurt shoulder, gaining most gains for Maryville.

SECOND QUARTER.

Lafayette punted out of danger to Willoughby; Maryville penalized 15 yards for clipping a man from behind; Smith and Willoughby lugged the ball around end for the first downs; Murray for Phipps; Maryville punted to Lafayette who returned the punt; Ogden carried the ball 10 yards for first downs; Willoughby shifted through the defense for 5 yards; Ogden annex 5 yards off end and Willoughby carried the ball to within 3 yards of the goal line buck by Willoughby carried the pigskin over... Ogden kicked goal. Score 14 to 0.

Willoughby kicked off to the 30 yard line; Lafayette punted to Maryville, who failed to gain through the line; Crowell blocked Ogden's punt in center field. A forward pass to Deal from the 40 yard line was complete and he raced over the goal for a touchdown; Crowell failed to kick goal; Curfman ofr Helpley. Score 14 to 6.

Lafayette kicked off to Smith on the 40 yard line; Smith plunged through the right side of the line for a 10 yard gain; Miller dropped the ball on a fake and the Lafayette man recovered; Lafayette penalized 10 yards. Half ends.

About 200 Farmers See Chinch Bug Film

At Barnard Last Night—Three Maryville High School Students Are On the Program

The Nodaway County Farm Bureau office in conjunction with the Maryville Chamber of Commerce put on a program in the theater at Barnard last night.

R. A. Kinnaird, county agent, showed two one-reel films to about two hundred farmers. The films are, "The Baby Beef Show, St. Joseph, 1922," and "How to Save the Crops From the Chinch Bugs."

Three Maryville High School students were sent over to the meeting by the Chamber of Commerce. Raymond Cohn played several piano solos, Miss Doris Wallace gave some readings and Clement Rickman gave an oration. All the numbers were appreciated greatly by the audience as voiced by the applause.

One of the County Farm Clubs was having an auction sale in front of the Barnard Exchange before the program and a number of the farmers who were at the auction attended the meeting.

Roy M. Manley, a farmer living near Barnard, presented Mr. Kinnaird with an ear of corn, weighing two and a half pounds, to be placed in the corn exhibition here.

LIBERTY IS GIVEN FIRST BOOTH PRIZE

KANSAS CITY BANK IS CLOSED TODAY

LIVESTOCK EXCHANGE BANK SHUTS DOORS VOLUNTARILY

MANY SLOW COLLECTIONS

Institution Had Much Cattle Paper On Hand—Says Depositors Will Not Lose

Kansas City, Nov. 3—The Livestock Exchange Bank of this city voluntarily closed its doors today.

The bank is said by C. M. Moore, chairman of the Kansas City clearing house, to have held large amounts of cattle paper, and collection on many other loans will be slow and doubtful.

In a statement given out following the bank's closing, Moore said the institution, as an associative member of the clearing house, has been under close supervision of the association for the last year. According to Moore it paid in a voluntary assessment of $100,000 last spring, which was not sufficient.

"We have from time to time advanced it some assistance, but the active man in charge—the cashier—refused to follow our instructions in many cases," Moore said.

The bank has capital stock of $200,000, a surplus of $40,000, and has deposits amounting to $800,000 cash and besides an exchange of $260,000. The bank should pay without loss to its depositors, Moore said.

Missouri 4, Kansas Aggies 2 at Press Time

The score of the game of Missouri University playing at Manhattan, Kan. against the Kansas State Agricultural College was 4 to 2 in favor of Missouri.

The game was played in the mud and at several times times had to be taken out to clean off the football.

At the end of the first half, Kansas University was 0 with Oklahoma 3. These teams are playing at Norman, Oklahoma, this afternoon.

The play by play account of the game at Manhattan, Kan., between Missouri University was received by Harry C. Todd of the Hanamo Telephone Co.

Other football results will be received by radio at 4:30 and also at 5 o'clock. These results will be posted on the Democrat-Forum windows this evening.

Lloyd George Leaves For His Home Today

He Tells Americans There Must Be Unity Between English Speaking Peoples of the World.

New York, Nov. 3. — David Lloyd George went home today, leaving as a last message to Americans a plea for British-American unity in the present world crisis.

Just before the Majestic was pulling out from the docks, the war time British premier predicted that the United States and Great Britain, pulling together, could force France to agree to a proper means of settling the reparations question.

"France would have become a vassal state if it had not been for what America and England did during the war," the firey little Welchman declared.

Dallas Klan Offers Reward for Whippers

Joe Westbrook, 23 Years Old, Was Taken From Rooming House and Flogged By Masked Men

Dallas, Tex., Nov. 3—With the Dallas Klan No. 66 offering a reward of $800 for those participating in the flogging of Joe Westbrook, 23 years old, officers expressed an opinion that an arrest would be made within the next twenty-four hours.

J. D. Vanwinkle, Cyclops of the Dallas Klan, informed authorities he had been authorized to offer the reward, Shelby Cox, district attorney, offered $100 additional.

Westbrook, together with a companion, was seized at his rooming house late Thursday and taken to a suburb where he was tied to a tree and severely whipped.

The Dallas County grand jury was in session today with the lashing party being foremost in the investigation. Westbrook informed police that after the whipping, he was warned to leave town under penalty of death.

MOB LYNCHES MAN ACCUSED OF CRIME

ELEVEN MASKED MEN TAKE PRISONERS FROM COUNTY JAIL

TELEPHONE WIRES CUT

Victim Recently Escaped From Sheriff When He Was Being Taken For Preliminary Hearing

Muskogee, Okla., Nov. 3—Eleven masked men overpowered guards in the McIntosh County jail at Eufaula, south of here, early today, seized Dallas Howell, accused of attacking a woman, and lynched him, according to word received here.

Telephone wires, leading to this city, were cut forestalling pursuit.

Howell's body was found hanging in a barn near Eufaula by officers who had followed the lynching party.

The jail was stormed this morning, according to information from authorities at Eufaula. Howell recently was returned to Eufaula after he escaped from the sheriff who was taking him there for preliminary hearing.

He had previously been brought here for safe keeping, when it was feared that mob violence against him might precipitate martial law. He escaped and was captured in the Texas panhandle and returned to Eufaula on the supposition that danger of mob violence had passed.

The masks worn by members of the mob were of various types.

Sam R. Lucas Dies Suddenly Last Night

Samuel Ray Lucas, a resident of Maryville for nearly forty years, died suddenly about 10 o'clock last night at his apartment above the Real Estate Bank. When Mrs. Lucas returned home from the Christian Church revival she found Mr. Lucas sitting on the edge of the bed in much agony. She summoned a physician but before his arrival Mr. Lucas' condition was hopeless.

Mr. Lucas was born August 26, 1845, in Pennsylvania. He first married Sadie May Harris, whose death occurred on January 26, 1916. On April 15, 1920, he married Mrs. Laura Womack, who survives. He is also survived by six daughters, Mrs. B. F. Myers, Armour, S. Dak.; Mrs. W. H. Creal, Omaha; Mrs. O. B. Evans, Fullerton, Cal.; Mrs. Hal Johnson, Shawnee, Okla.; Mrs. Vance Hoover, Long Beach, Cal; and Mrs. J. W. Stevenson, all by his first marriage. Eight grandchildren, one great grandchild and three step children are other surviving relatives.

Mr. Lucas had conducted a shoe repair shop in Maryville for a number of years and was located with the Tindall Plumbing and Heating Company on East Third street. Funeral arrangements will not be completed until word is received from relatives.

Land in Partition Brought $400 An Acre

At the partition sale held this afternoon of H. A. and Anna Watts vs. John and William Allen, sixty acres of land sold for $23,250 and together with interest and taxes will make over $24,000, or over $400 an acre. The land was bid in by H. A. and Anna Watts. The farm is one mile from Maryville and is known as the Clive Graves farm.

M'BEE SCOFFS AT WALTON'S THREAT

SAYS SENATE COURT IS LAST RESORT OF GOVERNOR

CALLS IT "MERE BLUFF"

Speaker Asserts That Federal Courts Have No Jurisdicition—Trial Set for Thursday

Oklahoma City, Nov. 3—Governor J. C. Walton's threat to go to the United States Supreme Court in case he is removed as chief executive of Oklahoma by the state Senate was passed up as a "mere bluff" today by Speaker W. D. McBee of the House of Representatives, who led the fight to impeach him.

McBee asserted that the federal courts have no jurisdiction. The state Senate, sitting as an impeachment court, is a tribunal of last resort and its action is not subject to review, according to McBee.

It was understood the defense planned to go the United State Supreme Court under a provision of the Constitution providing that every citizen is entitled to a fair and impartial trial.

The Fourteenth Amendment to the federal Constitution believed to be in the mind of the defense, provides that citizenship rights are not to be abridged. It stipulates that no state may deprive any person of life, liberty or property without due process of law, and guarantees persons within its jurisdiction, the equal protection of the law.

Governor Walton's attorneys have taken exception to every unfavorable ruling, and their arguments contend that their client is entitled to the equal protection of the law.

While some legislative leaders prepared to remain here over the week end, making plans for the trial of Governor Walton which, according to the decision of the Senate court, will start at 1:30 o'clock next Thursday afternoon, a majority of the members were leaving the city for their homes.

Both houses of the legislature are adjourned to meet Monday afternoon. The impeachment court will convene Wednesday at 1:30 o'clock to take Walton's plea of "not guilty" to the thirty-two articles of impeachment. Twenty-four hours later, the taking of the testimony will be started.

The Senate, late yesterday afternoon, over-ruled Governor Walton's demurrer to several of the impeachment articles. Committees investigating other departments of the state government, will convene again Monday.

Some sensational reports to the House and Senate are expected during the week.

A determination to make the trial 'snappy," and to complete the evidence as soon as possible, was clearly shown in the camp of the prosecution today. The defense, likewise, is desirous of "getting the thing over" with the least possible delay.

Miss Millie Kester Dies This Morning

Miss Millie Kester of Burlington Junction, 65 years old, died at 10:30 o'clock this morning at the home of her sister, Mrs. O. F. Wilson. She had been ill all summer and her condition the last eight weeks had been critical. Funeral esrvices will be held at 2:30 o'clock Monday afternoon at the Wilson home, conducted by the Rev. E. N. Garrett, pastor of the Methodist Church, of which she had long been a member. Burial will be in the Ohio cemetery.

Miss Kester had lived in and near Burlington Junction since 1882 and kept house for her father until his death. Her mothe rdied when she was very young. She had made her home with Mrs. Wilson since the death of their father twelve years ago. Four brothers also survive, as follows: C. L. Kester, Marcellus, Mich.; Frank and Herman Kester, Los Angeles, Cal.; and Bert Kester of Twin Falls, Idaho. C. L. and Herman Kester are here for the funeral. Other out-of-town relatives who will attend the funeral are a nephew, Harry Wilson, and family of St. Joseph.

LARGEST CIRCULATION IN NODAWAY COUNTY

COL. MORSE AND HIS HOSPITAL

Col. "Liv" Morse is about to assume the personality of Re-Morse. His brazen activities as a practical politician of the old school, are well known to all Missourians. As the dispenser of the "Lowden Slush Fund" in Missouri, he did more unintentionally of course, to defeat Governor Lowden for the Republican nomination than any one of the Governor's opponents. Missouri was generally favorable to Lowden and he apparently had the state delegation without a fight. But, in spite of this, for some unexplained reason, a large amount of money was distributed among the faithful ostensibly in his interest. The exposure of this fact cost Lowden the loss of many votes in the Chicago convention.

But Col. Morse is about to finish his course in difficulty. He has made a good fight, he has kept the faith, he has about finished his course but the balance of it is altogether uncertain. With singular ungratefulness toward a man of such long and effective service for his country, the Government at Washington is just now exhibiting a curiosity altogether unexpected. The funds of the War Veterans Bureau have been manipulated and wasted largely to no purpose except individual gain, according to the testimony produced in the investigation, and the Veterans hospital at Excelsior Springs has been brought in incidentally and Col. Morse has been called in to explain the Governments liberality toward it. The Morse homestead, assessed at $10,000 and some other property which was appraised at $35,000 seem to have been sold to the Government for $90,000 and after arranging for some improvements, the Government paid or agreed to pay $173,000. All this in the face of the fact that a half dozen Government agencies, including the Public Health Service, advised against the purchase of the property.

It is estimated that the Government has spent about $350,000 on the plant and yet not a single soldier has ever been treated there. They have just discovered that the so-called hospital has no kitchen and that it is not serviceable without a kitchen. The War Veterans Bureau, the Public Healt hService, the Supervising Architects Office, the Navy Department and several others which are entrusted with the expenditure of millions annually all have something to do with the care and attention to the war veterans but none of them ever thought the proposition worth addition of a kitchen, but the expense and improvement to the property went along just the same.

Col. Morse is now telling how he got all this done. It is a somewhat trying ordeal. The Colonel is not as robust as he used to be and, when his examiners get too persistent, it causes a nervous collapse. However, Colonel Morse has never been one of those politicians who has made a practice of sucking eggs and hiding the shells too. He generally lays his cards face up on the table and lets his opponent do their worst. He has come safely out of a good many hard scrimmages and it is a good bet that he will come out of this without a visible scratch. He will be sorry, of course, about all this annoyance and publicity but we have the hospital and it won't be surprising if the Government goes further and buys a kitchen to go with it.

Blind faith is more general than knowledge because it doesn't require any labor to get it.

Seems to be a close race between the number of prisoners pardoned and those that escape from the Missouri penitentiary these days.

Governor Smith of New York has fallen out with Hearst and has called him "a monumental fakir." What the Hearst publications will call the Governor probably won't help make him president.

A St. Louis dispatch says the bootleggers there have routes the same as milk men but he doesn't disclose where these routes are. Probably doesn't want to block traffic by overcrowded streets.

Crop reports show a decrease of 22 per cent in the acreage of fall wheat sowed this fall from the acreage of last fall. Wheat will probably be higher next year and the man who has some may be lucky.

Carthage has secured the location of the New Methodist College and $1,500,000 will be spent on it. Carthage and Josper County will raise a fund of $400,000 for it. It will add considerably to the population of Carthage, which is one of the finest and most beautiful little cities in the State and it will add immensely to its annual revenues, to its moral and intellectual tone and to its prestige abroad. A first class college is a fine thing for any town.

Among Missouri's innumerable other resources of which she has a right to be proud is one of the finest capitol buildings in this country. It is indeed seriously said to be the finest of its kind in America and it could not now be duplicated for $10,000,000. It cost only $4,000,000 and no graft. Other states have inferior buildings that cost them many millions more. This building is not only a pride to every Missourian but a monument to the integrity and good judgment of its capitol commission.

SPOOFHOUNDS WIN FROM LAFAYETTE

(Continued from page 1)

THIRD QUARTER.

Lafayette change Lodhartz for Wilcox; Maryville kicked off to Lafayette to the 20 yard line; Lafayette punted but recovered the ball on the line of scrimmage; the Maryville line held at this point and forced the St. Joseph men to punt. With perfect interference Willoughby ran the punt back to the starting place; Willoughby ran 16 yards to within one yard of the goal; Smith took the oval over for the third Maryville touchdown; Ogden kicked goal. Score 21 to 6.

Maryville kicked off to the 30 yard line; Henry, quarterback bucked the line for an 8 yard gain; Bush blocked the Lafayette punt and a Maryville man fell on the ball on the 20 yard line; line smashes brought the ball to within 1 yard of the goal and Smith dived over for a touchdown; Ogden failed to kick goal. Score 27 to 6.

Willoughby kicked to the 30 yard line; Ogden threw the Lafayette man for the 20 yard line; Lafayette punted to 30 yard line; Maryville penalized for using hands on the offense; Ogden punted out of bounds over the goal line; Lafayette ball on 20 yard line; Lafayette punted to Willoughby, who ran ball back to 30 yard line; Smith lugged the ball for a 10 yard gain; Willoughby ran off end for another ten yards; Ogden took the ball over the goal line, Ogden kicked goal Score 34 to 6.

FOURTH QUARTER.

Maryville kicked off to Lafayette, who attempted a forward passing game but were unsuccessful; and punted to Maryville's 30 yard line; Maryville penalized [illegible] yards for holding; Lafayette desperate to score again, opens up on forward passing, but gained but little ground; lost the ball on downs; Willoughby gained twenty yards around end; Ogden repeated; Willoughby gained twelve yards; Murray for Hall.

PIFER SCHOOL.

Most of the people are busy shucking corn this week. They say the corn is turning out good.

Charley Smith and family of Bolckow spent Sunday at the home of John Smith.

Mr. and Mrs. Alva H. Long came from St. Joseph, last Thursday to W. T. Stevens'.

November 1 is trapping time.

Eight more weeks and Christmas time will be here.

The Pifer school is going to cipher the Bilby school Friday afternoon.

R. I. Bilby shipped sixteen car loads of cattle last week.

W. T. Stevens has shucked some of his corn. Four wagons are in the field.

Last Sunday night at Fillmore, the store of Mr. Gillmore was burned. The room was full of goods at the time of the fire, and it is supposed the devilish work of an incendiary placed the fatal torch. The loss is not known.

The young people have organized a dancing club for the winter, the dances to take place at Union Hall. The organization promises enjoyment to its members, as we know that the affair will be properly managed.

On Monday evening last, a fire broke out in Rosendale and for a short time threatened the destruction of the town. It was finally subdued by the efforts of the citizens, after destroying a large amount of fencing, a couple of shanties and several haystacks.

Messrs. Lafe Dawson, H. M. Jackson and Ed McMillan left on Sunday to attend Worth County circuit court. They didn't take much baggage except some corn bread and a few bottles of "milk" to put in their coffee.

Have You Heard ?

Ben Travis, the manager of the Travis-Chevrolet Co., the local Chevrolet dealers, says that many people are taking advantage of the new plan for the purchase of new Chevrolet cars.

Travis continues to say that the automobile is recognized as the second family necessity and that the new payment plan has placed the automobile within the reach of almost every family in Nodaway County. For a reasonable down payment the Travis-Chevrolet Co. will deliver a new Chevrolet car and the purchaser may complete his payments in monthly installments. By this method the purchaser may own a brand new Chevrolet car and pay for it as he rides. The payments will not injure him financially for he saves the upkeep of his old car which he has traded in on the first payment and the balance is almost like rent for a new car.

Many people who are well able to pay cash for new Chevrolets have taken advantage of this new plan because of its convenience and because of the fact that they are able to adjust their expenses to their payments and thus do not miss the money as they would if it were all paid out at once. At the end of the period of their payments they find that they own a new car and have scarcely missed the money that paid for it.

Anyone who does not understand this new payment plan is invited to the sales rooms of the Travis-Chevrolet Co., at 102-4 South Main Street, where a salesman will fully explain all details. There is also a payment plan for farmers who do not find the monthly payment plan convenient.

Travis expects that many people will take advantage of this plan for Christmas this year. He points out that a new Chevrolet car makes an ideal Christmas for the whole family. It is suggested that the persons who wish to take advantage of this plan for a family Christmas, call at the salesrooms and make arrangements now for there is often a scarcity of cars during the holiday season.

'Tis Time to Think of Christmas

Nothing else you can give will render the pleasure that Christmas Greeting Cards will.

Christmas is swiftly approaching, and the wise person, realizing that engraved Greeting Cards are a product of time and skill, will arrange to place his order very soon.

All orders for special engraving must be placed before November 26. We cannot accept these special orders after this date because it is impossible to get the work out in time for Christmas. We will endeavor to fill throughout the month of December all orders calling for cards as sampled.

Bears Aided by Breaks Defeat the Bear Cats

Renaud and Davis Outstanding For Bears—Wilson and Graham Played Well For S. T. C.

When two football teams, as evenly matched as Maryville and Springfield proved to be, meet on the gridiron for a battle the breaks decide the game. This is the story of the game which was played yesterday between the Bears and the Bear Cats and it was clearly the breaks of the game that resulted for victory in the Bears camp by a 14 to 7 score.

Maryville played just as good football as did the Springfield team and was just as effective on both defense and offense as was the Bears but two long runs at different intervals by Renaud brought on the defeat to the Bear Cats. Cherry, the socalled sensational quarterback of the district did not star in any ground gaining plays but Davis and Renaud, running mates of Cherry in track were fast on the end runs and excelled in line plunges.

The Maryville tackling was not accurate enough on the end runs, this was the only flaw in the game, for Maryville. Lon Wilson played a wonderful game at half-back on the Maryville team and was sure of a good gain on end runs at any period in the game. Hugh Graham of Trenton was the outstanding player in the line for either team.

Coach Lawrence was well pleased by the showing of its proteges but would make no statement concerning the game.

Maryville journeys to Warrensburg next Friday for a game with the College there.

Ccach Briggs and President C. M. Hill of the Springfield College said yesterday concerning the game "It was the closest football game of the season for Springfield."

Woods-Boyer Case to Jury Late Today

The case of Grace Woods and Ernest Boyer for damages growing out of condemnation proceedings will go to the jury late this afternoon. The attorneys were arguing the case at press time.

In this case there is no claim for damage other than for the land taken and the cost of changing the fence. Miss Woods claims damages for 1.82 acres taken by the state highway commission for a state highway and Ernest Boyer claims damages for 3.58 acres for the same reason.

Hart Nearly Recovered From Wound

Today's St. Joseph Gazette had the following about Charles Hart, who was captured at the Huff home near Elmo recently:

Charles Hart, slayer of John Less, motorcycle patrolman, in county jail, awaiting trial has nearly recovered from the bullet wound in his left leg received when the police fired a volley as he escaped arrest Oct. 19, according to Dr. J. T. Stamey. Hart walked a long way with the bullet hole in the fleshy part of his left hip and had done nothing for the wound until his arrest Oct. 22. His leg was stiff and blood poisoning threatened. His condition was never considered dangerous, however.

Buys Good Boar in Sale at Green City

Elmer D. Shinabargar of the Rockford neighborhood, was one of the lucky bidders for a spotted Poland China boar, sired by the renowned Spotted Napoleon boar in the sale of Spotted Poland China hogs of F. J. Aubrey, which was held at Green City, Wednesday. Spotted Napoleon is known far and wide, among the spotted poland china breeders, as a very popular boar, breeding the big boned quick growth type of a hog. And as there were only seven boars selling in this sale, that were sons of this great boar, they were eagerly sought for. Bidding was brisk, breeders not letting money stand between them and one of those fine hogs and lucky was he who landed one of these fine young boars, sired by this great breeding and show boar.

Alleged Pay Roll Padder to Be Returned

Jefferson City, Nov. 3—Governor Hyde today honored the requisition of the Governor of Iowa for the extradition of Russel Cockburn, alleged Des Moines pay-roll padder, and issued a warrant for his return to Iowa.

Cockburn is, at present, an inmate of the government hospital at Jefferson Barracks, St. Louis, and is wanted in connection with pay-roll irregularities said to have cost the city of Des Moines $86,000.

Aunt of Mrs. Rowley Dies in St. Joseph

Mr. and Mrs. Burt M. Rowley will go to St. Joseph Sunday on account of the death of Mrs. Rowley's aunt, Mrs. Mary Margaret Billeter, who died at 12:15 o'clock Friday afternoon. Mrs. Billeter underwent an operation two weeks ago.

She was born in Germany, but came to this country fifty-three years ago. She had been a resident of St. Joseph for more than fifty years. Mrs. Billeter was a communicant of St. Joseph's cathedral and a member of St. Anthony's court.

Besides her husband, she is survived by two daughters, Mrs. T. M. Sommers, Denver, Colo., and Mrs. L. L. Hill, St. Joseph; four sons, Roy, Eugene, Franklin and John Billeter, St. Joseph; two sisters, Mrs. Mary Lahr, Los Angeles, Cal., and Mrs. Kate Korando, St. Joseph, and one brother, Peter Draut, Saxton, Mo. The funeral services will be in St. Joseph's cathedral in St. Joseph at 9 o'clock Monday morning. Burial will be in Mount Olivet cemetery in that city.

Alleged Counterfeiter Is Now Under Arrest

Boasting That He Could Make $100 An Hour in Passing Fake Money Led To Arrest

Kansas City, Nov. 3—Boasting, while intoxicated, to several persons in a hotel lobby here that he could make $100 on hour passing counterfeit money, police say, led to the arrest of Fred E. Barringer who is held in jail today to await grand jury action, on failure to furnish bond of $5000.

Federal officers said that it was on Barringer's trip that four others, believed to be leaders in a nation-wide counterfeiting ring, were arrested and are now in custody in Chicago.

Barringer was released at first but then rearrested and is said to have made confession to the United States district attorney.

Thomas Rhodes of Muscatine, Iowa, visited in Maryville yesterday with Mr. and Mrs. Burt M. Rowley. He is on his way to Sacramento, Cal. Mr. Rhodes' father, L. C. Rhodes, resided in Maryville a number of years ago, being a cigar maker here.

Cushion—Traction—Mileage

We recommend Firestone Heavy Duty Cushions for medium and heavy haulage, because our experience and observations convince us they have to the greatest degree, a balanced combination of these three requirements.

Come in and see the Firestone Heavy Duty Cushion for yourself—its rubber volume; its rubber quality; its shape and tread design spell cushion.

Its live, resilient rubber, its traction shoulders, its great, smooth tread sections mean traction under any road conditions.

These features plus perfect cure, absolute base adhesion, absence of cupping, wiping, shelling or cracking have resulted in a tire you can depend on to give long, even mileage.

ENGINEER MAKES STUDY

H. H. Piepmeier Announces Results of Investigation on the Value of Good Highways.

Jefferson City, Nov 3—B. H. Piepmeier, chief engineer of the state highway commission gave out a statement yesterday relating to good highways, the cost of operating motor vehicles over the city streets and the roads of the state and the relation better highways bear toward reducing the cost of getting farm products, and various other products to the markets or their places of destination.

He estimates that it costs $700 a year to operate a motor vehicle over the city streets or highways in this state at the present time, or a total of $429,000,000 a year. Bad roads, he says, make a terrible leak in the cost of transportation in Missouri.

A Close Study By Piepmeier

The chief engineer has been making a very close study of the cost of transportation, the evils that follow in the wake of bad roads and other matters of public interest affecting the present efforts to hurry along the road improvement program.

His statement in part fololws:

"When we come to get the true perspective of road building and realize that it is but a part of much larger activity, viz, transportation; we will then become anxious to spend cents to save dollars, for that is what road building amounts to.

"Improved roads reduce five factors in motor vehicle operation; viz., depreciation of equipment, gasoline consumed, amount of lubricants used, wear on tires, and the amount spent for repairs and replacements. The amount of reduction due to road improvement, has been determined in the case of gasoline consumed and partly so in the case of wear on tires.

The average cost throughout the United States of operating motor vehicles is something like $780 per annum per vehicle. This includes insurance, depreciation, garaging or storage, gasoline, lubricants, tires, repairs and replacements, and drivers' salaries.

"Missouri has, in round numbers, 170,000 motor vehicles. To be conservative let us figure the cost of operation at $700 a piece. This gives us a total of $429,000,000 spent every year to run our motor vehicles over the present city streets and Missouri roads. Every year enough money is spent in this way to build ten thousand miles of higher type road—the total mileage of the state system is only 7,640 miles. This is a very heavy burden and it, therefore, behooves us to establish quickly those conditions that will reduce this annual expenditure. No less an authority than Thomas H. McDonald, chief of the bureau of public roads, states that road tests have shown that the annual saving in gasoline alone on the more important roads, will pay the yearly cost of such roads, including the proper distribution of the first cost.

Tests made by the state highway department of Iowa indicate that gravel roads will show a gain of 50 per cent over the earth roads in the ten-miles per gallon of gasoline, while the higher type roads, such as concrete, brick, etc., show a gain of 100 per cent over earth roads. Let us take 75 per cent as an average gain for the improved roads over the unimproved. This means that with a gallon of gasoline we could transport over an improved road a load of one ton over a distance 75 per cent greater than on an unimproved road. This is a saving of 43 per cent. As gasoline cost represents about 14 per cent of the total operating cost, this saving in terms of total cost becomes 43 per cent of 14 per cen—6 per cent.

A 6 per cent Saving On Tires

The saving on tires has been partly investigated at the University of Illinois, and it has been found that unimproved roads wear out tires four times faster than the best types of improved roads. Let us take two as the average ratio for the various types. This means that where it would require two tires to travel a certain distance on an unimproved road, it would require only one tire for the same distance on the average improved road. The cost of tires comprises about 8 per cent of the total epearting cost, so that the saving thus made becomes 4 per cent of the total. Adding this to the gasoline saving we have 10 per cent as the net saving on two items out of the five.

"The 10 per cent saving in total cost of operation would run, in round numbers, 33 million dollars per year, or over one-half of our authorized bond issue. This annual saving would, at 5 per cent, justify a total investment of 660 million dollars to produce it. The estimated cost of the entire state system is less than one-fourth of such investment. In other words, by improving our main roads we are providing an investment that will yield better than 20 per cent dividend per annum in the shape of reduced transportation costs, to say nothing about the convenience and saving in time."

Former President Is Now Deputy Collector

Of Internal Revenues at Kansas City Office—Is Brother of George Fred Davis

The article below is taken from yesterday's Kansas City Journal:

"Emanuel Davis, 2924 East Twenty-eighth street, today was appointed chief office deputy in the office of Noah Crooks, collector of internal revenue, to succeed Samuel J. McWilliams, whose resignation became effective October 31. Mr. McWilliams will engage in the practice of law.

Mrs. Susie I. Rachford, 3944 Troost avenue, a former clerk in the collector's office, was appointed assistant chief deputy. Mr. Davis and Mrs. Rachford entered the collector's office in June, 1922.

Mr. Davis formerly was zone deputy collector. His new post pays a salary of $3,000 a year. Mr. Davis is a lawyer licensed to practice in Missouri and is a member of the Ivanhoe Masonic band."

Emanuel Davis is a brother of George Fred Davis who lives in Maryville. The former Mr. Davis has always claimed Maryville as his home. He was a student in the law school at the University of Missouri about 1909 or 1910.

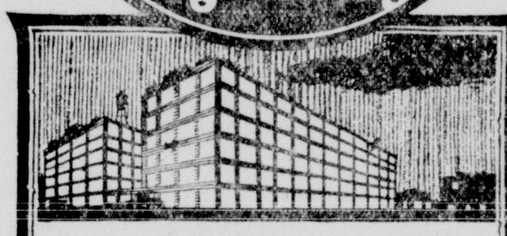
The Most Extraordinary Farm Electric Plant Opportunity Ever Offered to the Farmers of This County

A Whole Carload of the Famous Delco-Light plants-Your Chance to buy at a big Saving



Notice

The Delco-Light Plants referred to in this special offer are standard Delco-Light Plants, fully covered by the regular service guarantee as to material and workmanship, and fully protected by the liberal service policy. Each plant has the famous 4-cycle, air-cooled, valve-in-head Delco-Light engine, and the thick-plate, long-lived Delco-Light Storage Battery. Any one purchasing a Delco-Light Plant as a part of this special carload order is assured of the same satisfaction he would receive in placing his order individually,—the same satisfaction now enjoyed by 175,000 Delco-Light users.

I KNOW that there are dozens, yes, hundreds of homes in this county where Delco-Light is needed and wanted. For you have told me that some day you would want the blessings of electric light and power.

You have visited your neighbors. You have seen the bright atmosphere of their homes,—happy, joyous children whose lives have been gladdened, the mothers from whose shoulders the burdens of toil have been lifted, the fathers whose interests in life have been broadened, and whose profits have been increased,—all because of Delco-Light.

And now, folks, I come to you with an amazing offer. Only a few of you—only those of you who will join me in a great project of co-operative buying can share in this remarkable offer.

To you I am going to offer Delco-Light—the standard electric light and power plant—installed, equipped, including the lighting fixtures, all ready to flood your home with the blessings of electrical sunshine at a price that has heretofore been unheard of. **You can save by acting *now*.**

Will You Join Your Neighbors In Buying a Carload of Delco-Light Plants?

I have made a proposition to the Delco-Light Factory. I have told them that I want to place a large quantity of plants in this county during the next few days. I have asked them if they will ship a whole carload of Delco-Light Plants direct from the factory to me.

I explained to them what a tremendous benefit it would be to me to have that many more satisfied users of Delco-Light in this county. These new users would show Delco-Light to their friends and neighbors and talk about it, and as a result it would help me wonderfully in selling more and more plants. The Delco-Light Company is willing to ship the carload, which will result in a great saving in freight. And I have added my generous bit. I will do the wiring at a ridiculously low figure. I will give absolutely at cost a generous part of the equipment that is needed to get the benefit from Delco-Light.

Are You Ready?

Due to this wonderful plan you can now have Delco-Light for less money than ever before—probably half of the cost that you expected.

Through the wonderful benefits of co-operative buying you can now give your family that joy and happiness that is only possible through electric light and power. You will have power to do the chores, for the washing machine, the separator, the churn, the feed grinder; electricity to heat the iron, to pump the water, and light—clean, safe, economical light that transforms your home from a place of danger and gloom to one of cheerfulness and deep content.

The number of plants that we have arranged to get on this plan is limited. You will have to act quickly. You will have to respond immediately. But the terms are so generous, the price so low, the advantages so great that if you ever at any time in the future expect to modernize your home, to make it a better, healthier, happier place in which to live and work, *now* is the time to do it.

Don't wait one minute. Simply mail the coupon. This does not obligate you in any way. It merely indicates that you are interested, and we will send you full details of the plan; we will tell you of the wonderful savings, and quote you a price such as you have never believed was possible. Mail the coupon or telephone now. This is the first time such an opportunity has ever been offered, and it may be the last. Act *now* if you want to save.
